## MAIN BUSINESS

- Adam started the meeting by explaining that the General Meeting is where the novice representatives are elected, and then congratulated everyone who shot at Nottingham BUTTS leg. He explained that the meeting would be quick so that everyone can participate in the "Halloween" social.
- Adam explained that there was an addition to the Code of Practice that he would like to introduce and read out the new addition regarding equipment:
  - "All members attending a session are required to help with either the setting up, or packing down of the shooting range. If members are shooting for the entire session they will be expected to assist with both of these tasks. An exception to this requirement is where the member has a valid reason for either arriving late or leaving early, in which case they should make sure they have notified a committee member prior to leaving the session. Disciplinary action will be taken against any member who does not comply with this rule. Appropriate sanctions will be decided by the committee on a case by case basis. Injury or impairment may excuse a member from this requirement."
