## Summary of Kieran's BUCS Meeting

  - LSAC Archers to get to Telford the day before the competition, which starts half an hour earlier than last time.
  - Kieran wants to use the minibus to transport equipment from Lilleshall.
  - Kieran has already sorted out all bosses.
  - Items for the Raffle should be collected, quality items only.
  - The same people will meet with Kieran again in due course.

## Prospective Article

- Ben explained that this had been finished and sent and asked if it was worth adding more to the single report concerning our success at Nottingham, the consensus was that a new report after the Loughborough leg would go well.

## Clarification on barebow style

- Ben wanted to clarify a few coaching concerns with the barebow shooting style, and explained that whilst he would prefer to see an equal representation of each shooting style, he would strongly suggest that people did not move to it as a result of unsatisfactory results with recurve. He explained that members doing this in the past have never rejoined the sport, which is a major concern for him.

## Pay L&RCAA fees

- Ben wrote a cheque but had forgotten to bring it to the session; he will give the cheque to Tom Cram after the session.

## Coaching Development

- After speaking with Maggie Squires and Ashleigh McCloud, Ben shared the suggestion of having half an hour sessions with the members of the club to focus on personal sports development. The committee generally agreed on the idea but Adam would like to clarify how this ties in with Level 2+ payment for coaching.

### Regular Competitions

- Matt explained that he wanted more internal competitions as a way of getting larger numbers and better quality scores for external competitions. As there were no objections, Matt will be organizing more internal competitions starting on Monday. It was noted that scoring in this case would be completely optional per archer.

### E-League

- Arthur had forgotten that months end and start with the next month. He will make sure that these scores are submitted in future.

### Committee Social

- Arthur mentioned that his house was free (as Harry was the only other member who owned a house) and that he would like dates that everyone was free.
